# CABLE OUTLETS

ROUND & SQUARED

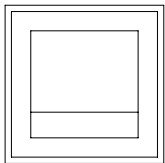

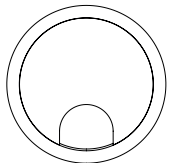

---

Avoid cables cluttering up your desk. With a cable entry, you can easily hide wires and cables in a discreet and simple way.

PJ Production offers cable outlets in a myriad of materials and expressions. Among other things, you can choose between both black and white in steel lacquer and/or ABS plastic, as well as a chrome variant.

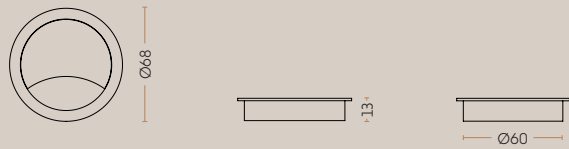

## CHARACTERISTCA:

- The majority of cable entries are either  $\varnothing 60$  or  $\varnothing 80$ . Depending on the type of table with which it is to be combined, there is a sea of colors and materials.
- Installation of the cable entry takes place by drilling a round hole corresponding to the informed hole size. You decide yourself where you want to place the lead-through on your table.
